

2018

SA/NT BRANCH SPONSORSHIP

An exciting opportunity to support the Australian concrete industry awaits! The Concrete Institute of Australia aims to promote and develop excellence in concrete research, technology, design, construction, and ultimately provide opportunities through which it's Members can enhance and develop their professional knowledge surrounding the use of concrete. The Institute achieves this through the support of State Branches, and the SA/NT Branch is a critical member of the team.

Our SA/NT Branch continues to improve, and strives to deliver a quality program of events, ensuring that the Institute's Members, and wider industry, receive relevant information covering current design and construction best practices at reduced rates. However, to reach our goals we require industry support to achieve these desired outcomes.

YOUR BENEFITS AS A BRANCH SPONSOR

- Your logo and link included on the SA/NT Branch website
- Your logo displayed at each technical seminar
- Acknowledgement by the MC during opening and closing remarks of seminars
- Perfect platform for Academic Institutions to promote current research and attract prospective students
- Promote your presence with a display stand at each technical seminar
- Receive **TWO** complimentary registrations to each technical seminar listed
- Receive **TWO** complimentary registrations to each site visit listed
- Receive **ONE** complimentary registration to any National Seminar Series throughout 2018 of your choosing
