

2018

TAS BRANCH SPONSORSHIP

The Tasmanian Branch is an important part of the Concrete Institute and we aim to deliver quality events throughout the year. Throughout 2017, we delivered a variety of social and technical events, including six events in both Hobart and Launceston and one site visit.

Highlights included the site visit to Cement Australia's Railton Cement Plant, for behind-the-scenes access to one of Australia's leading suppliers.

Having finalised our 2018 technical program, we invite you to partner with us in supporting the Tasmanian Branch as an Annual Sponsor.
